WELCOME TO THE CAFÉ AT MILLIEFOX CAKES

We are so excited to have opened the newest part of our family business. The Café at Milliefox Cakes is open to anyone who loves amazing coffee, fragrant teas & delicious food. We cater as much as possible for **allergies** and **dietary requirements**, with an extensive menu developed to include everyone. We also aim to be as **zero-waste** as possible. All our packaging is **recyclable** or **compostable**, nearly all our bought in drinks are in cans or glass so we can **recycle** and we are linked with a **zero-waste** group for our food waste.

ABOUT MILLIEFOX CAKES

We have been running as Milliefox Cakes since 2019 initially making Wedding & Celebration cakes but as the business changed and developed through Covid19 we became known locally for our small bakes including brownies, cupcake bouquets and afternoon teas.

As Covid restrictions started to lift we tried to work out what our future should look like and after discussing with friends, family and customers we decided that it was time to grow.

Getting the shop at Huntington seemed perfect it was close to a lot of our regular clients and the space we now have allows us to host a multitude of different activities that our customers have been asking us to provide.

We have the café where you can relax with a coffee & a cake or enjoy an afternoon tea with friends.

We have a cake studio that will be used to create our beautiful bespoke cakes but also host small parties and workshops teaching people how to create their own edible art.

Plus we still create delicious bespoke cakes, post brownies across the country and deliver afternoon teas to your door step!

We are so excited to welcome you to join us on our new adventure and hope you will continue to grow with Jo & the Team x
